CONSUMPTION CURED!

CANCHALAGUA

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

NOTHING LIKE IT,

Cure follows Cure ! READ THE EVIDENCE.

The above invaluable Medicine has now been before the public sufficiently long to have its virtues thoroughly tested. It has been used by all clauses of the community, under every possible variety of circumstances, and has every where proved itself a most powerful and efficient Cough medicine. Lung diseases of all kinds yield to its influence, as mists pass away upon the rising of the Sun. This is no fiction. We give you below, letters from persons who are now living in the state of New York, and who declare, over their own signatures, all are now living in the state of new lora, and who declare, over their own signatures, all that we could possibly desire them to say in its fator. Those who can read their statements fator. Those who can read their statement and yet remain incredulous, must be beyond the reach of human testimony.

CURED OF CONSUMPTION! IDT The following is from the pen of Wm. H. Lxvsson, Esq. the distinguished Editor of the U. S. Military and Naval Argus, under date of New York, Jan. 26, 1850. What could be more conclusive?

'It is seldom we permit ourselves to occupy space in these columns to speak in praise of my article in the patent medicine way; but when we see the life of a fellow-creature saved any article in the patent medicine way; but when we see the life of a fellow-creature aved by the use of any medicine whatever, we consider it as our right, if not a duty, to give a simple statement of facts, that others may, in like manner, be benefitted. The case which has induced us to pen this article was that of a young lady of our acquaintance, who by frequent exposure to the night air contracted a cold which settled on the Lungs before its ravages could be stayed. (This occurred 2 years ago this winter.) Various remedies were used but with very little effect or benefit. The cough grew worse, with copious expectoration; and the sunken eye, and pale, hollow check, told plainly that PULMONARY DISEASE was dring its worst on her delicate frame. The family physician was consulted, and althe he would not admit to the young lady that she really had the CONSUMPTION, yet he would give no encouragement as to a cure. At this crisis her mother was persuaded to make use of a hottle of Dr. Rogers' Compound Syrup of LIVER-WORT, TAR and CANCHALAGUA; and we are happy to state, she was perfectly cured in less than three months by this medicine alone, ofter even hope was destroyed. It is useless to comment on such a case as this for the simple truth will reach where polished fiction never can. If any doubt the authenticity of this statement let them call at this office.—U. S. Milltary & Naval Argus Office, No. 79 Chatham street, New York.

COUGH AND DISEASE OF 14 MONTHS STANDING, CURED,

AFTER BEING GIVEN UP TWICE BY EMINENT PHYSICIANS! Albany, June 9, 1849.

Albany, June 9, 1849.

Messrs. A. L. Scoriil 4 Co.—1 herewith forward to you a Certificate of Cure effected by your Compound Syrup of Liverwort, Tar and Canchalagua. The cough and expectoration was of fourteen month's standing, and had baffed the skill of several of our eminent physicians in New York, Albany, and Cooperstown. I am the person in whom the cure was effected, and as I had previously no faith in patent medicines, I have since tried it on others, and have become satisfied of its value. Mine we medicaines, I have since tried it on others, and have become satisfied of its value. Mine was as GREAT a CURE as ever was performed; as I had during my sickness been given up twice by my physicians. I have now commenced my business after taking I think about eight bottles. Yours respectfully,

THOS. C. FAULDER.

Bleeding at the Lungs Cured!

SEE HOW PROMPTLY IT ACTS! Statement of Mr. A. Lang, Baker, No. 388
Pearl st. N. Y.—A few days before last Christmas I was taken unwell and soon commenced mas I was taken unwell and soon commenced bleeding freely at the Lungs. I called in a Homeopathic Physician, but his medicine did not seem to help me. I read your advertisement, and thought I would I'v Dr. Rogers' Syrup of Liverwort, Tar and Canchalagua. Before I had taken up the third bottle my bleeding had stopped, my Cough was gone, and I felt well as usual. My health is now good. I consider it a most excellent snedicine and cordially recommend it to my friends. [This statement was made to the Proprietors March 12th, 1850.]

LET US REASON.

The ingredients of which Dr. Rogers' Syrt of Liverwort, Tar and Canchalagua is compo-ed have certain specific qualities which has been clearly established by the highest med od have certain specific qualities which hav been clearly established by the highest medical teatimony. California has given us some thing more valuable than gold, in the plan Canchalagua. It is the finest of vegetable to nies, and has the invaluable property of recruiting the strength, while it represses fever Tur, as an expectorant, has no equal. It loos cas and expels the mucus from the Lungs, and thus restores to them freedom of action. At an internal styptic, Liverwort has long beek known; but besides arresting bleeding from the Lungs it seems to exercise a beneficial in fluence over the whole Respiratory Apparatus Thus, then, we have in this compound, the properties of strengthening, alluying freer, ur resting hemorrhage, and soothing irritation—In this combination consists the rationale of its wonderful cures of Coughs, Colds, and inciplem Consumption; for the particulars and voucher of which see pamphfet to be had of Agents.

ness and allections of the digestive organs, they are with a sefe, certain and pleasant.

Read and be Convinced.

From the Boston Bee.

The editor said, Dec. 22d:

Dr. Hooflant's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspensia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor; a fact worthy of great consideration. They are pleasant in taste and smell and can be taken by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott's Weekly," one of the best Literary

"Scott's Weekly," one of the best Literar papers published, said, Aug. 25— 'Dr. Hoofland's German Bitters, manufactur

ed by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much wound adves an inothers to come a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bit-ters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

More Evidence. The Philadelphia Saturday Gazette,' the best family newspaper published in the United States The editor says of

Dr. Hoofland's German Billers.

'It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself.'

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the three last years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Completint and Dyspepsia no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calome in all billious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

Beware of Counterfelts. Dr. Hoofland's German Bitters. The time has now arrived, that persons suffering from secret diseases, need so more become the victim or QUACKERY, as by the prescriptions contained in this book, any one may cure himself, without hindrance to business, or the knowledge of the most intimate friend, and with one-tent the usual expense, In addition to the general routine of fortive disease.

THE TRUE DIGESTIVE FLUID,

repared from RENNET, or the fourth STOM ACH OF THE OX, after directions of Baron Liebig, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa. This is a truly wonderful rouncyl for Indiges tion, Dyspepsia, Jaundice, Liver Complaint Constipation and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

which is a Liniment, as its name denotes, that produces great strength. Is there weakness of the back, breast, or limbs t it will vanish upon tho application of this great strengthener. Do the back, breast, or limbs I it will vanish upon the application of this great strengthener. Do you suffer pain in these places I use the Sompson's Limineut; it will drive out all pain instantly. Are you bruised, or strained in any way I it will remove the swelling and soreness with a few applications. It should stand in the capboard of every family, and may be found described in Dr. Butler's valuable receipt book at greater length.

Dr. Butler's Gold Mine, or California PHI. I Half a teaspoonful of PEPSIN, infused in

own method, by Nature's own agent, the Gastric Juice.

IDT Half a teaspoonful of Press, infused in water, will digest or dissolve Fire Pounds of Roast Beef in about 2 hours, out of the stomach. PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving & Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid precisely like the natural Gastric Juice in its Chemical powers, and furnishing a Complete and Perfect Substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsic are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based in the highest degree ourious and remarkable.

Scientific Evidence.

Baron Lichig in his oelebrated work on Animal Chemusty says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the atomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Combe, in his valuable writings on the Physiology of Digestion, observes that 'a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia; 'and he states that a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice obtained from the stomachs of living animals, which proved completely successful.'

Professor Dunglison, of the Jelferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with 3t. Beaumount, on the Gastric Juic Dr. Butler's Gold Mine, or California Pill,
is a pill made from the extract of a plant found
in the wilds of California; and to a man afflicted
with some of the ills that flesh is heir to, is more
valuable than fine gold. This pill operates
gently on the bowels, and thereby removes pains
and sluggishness of the system, and being certain in their operation; are greatly to be preferred above all other pills. Conceraing them,
